

BJORN BEAR FABRIC GUIDE

Use this guide to duplicate the fabric placement in the Picnic Quilt shown on the cover of my Bjorn Bear pattern.

To make the bear faces and ears, I used 25 fat quarters of Robert Kaufman's Kona Cotton Solids. Please refer to the list below for colors and placement of those 25 colors.

The background fabric in this sample quilt is Essex Homespun Linen Blend in Indigo. The eyes, noses, and glasses were made with Kona Pepper and the Muzzles were made with Kona Snow.
