

Please note the following corrections to the first printing of the North Stars pattern. We apologize for these corrections and invite you to contact info@ohfransson.com with any questions or to request an updated Owen the Owl pattern in pdf format

Patty Polar Bear:

The background fabric instructions on Page 6 say to cut piece S and then cut the remaining strip into two strips each 1-1/2" wide. This should read "cut the remaining strip into one strip 1-1/2" wide and one strip 1-3/4" wide." All of the listed pieces sizes are correct, but pieces X and W need to be cut from a strip at least 1-3/4" wide. If you have already cut two 1-1/2" strips, you can use one of them for the Willa Walrus block (the next block) and cut a 1-3/4" strip from the remaining background fabric for pieces X and W.

Willa Walrus:

You will need 4 pieces U and 1 piece W. Please follow the cutting directions on Page 10 as written, increasing the number of pieces U from 3 to 4.

Owen the Owl:

- Page 13 incorrectly shows one piece of the wing labeled Piece T that should be piece S. Please refer to Fig. 13 on Page 16 for the correct piecing arrangement. When cutting pieces from Fabric 3, you will need 8 pieces S and 2 pieces T. If you have already cut 4 pieces T, you can simply cut two of them down to 2-1/2" x 2-1/2" to make the additional pieces S that you will need.
- You will need 16 (not 12) pieces DD, which can be cut from the strips described at the top of Page 14.
- Piece Z should be 2-1/2" x 3". If you have already cut this at 2-1/2" x 3-1/2", or if you have already made the entire pieced unit shown in Fig. 14, you can simply cut 1/2" from the short end of piece Z.
- Piece B should be 1-1/4" x 2". If you have already cut this at 1-1/4" x 3", please cut 1" off the short end.
- Pieces G should be 2-1/2" x 3-1/2" each. (They are referenced correctly in the pieces chart, but incorrectly in the cutting instructions.)
