

PENGUIN PARTY

Cutting directions for Background Fabric of Child Quilt (Page 4)

If you've started cutting, you probably found that, once you got to the 2-1/2" strips, there was not enough width to cut all 7 strips. There should, however, be enough fabric width to cut 6 strips, and that should be enough to cut all of the necessary pieces from the 2-1/2" strips (Horizontal Sashing, Vertical Sashing, Q for Short Penguins, and N). The remaining pieces (L, Q for Medium Penguins, and O) are smaller and can be cut from the remaining length of the 4-1/2", 4", and 3-1/2" strips.

If you have not started cutting this fabric, please refer to the following revised directions:
